6. Maine Partners for Cool Communities: The Town of Pittsfield has been featured on the Maine Cool Communities website and will be featured in the upcoming newsletter. We will print out these items for the Town Councilors for the next meeting.

7. Foreclosures in Maine have risen: The State's Bureau of Financial Institutions has just released information that the number of foreclosures in Maine is up. According to data from 32 state-chartered banks and credit unions, the number of houses in the process of foreclosure in the last quarter of 2009 was 305, compared with 271 in the third quarter. Foreclosures had continued to increase from year to year as well with 175 completed foreclosures in 2009 compared with 159 completed foreclosures in 2008. This does not include federally chartered banks, credit unions or mortgage companies. The Bureau noted that the increase was probably due to the economic times and not the result of predatory lending by Maine banks.

The reason this is mentioned is that often people get behind on their taxes, the bank then comes in and pays off the taxes and then adds the amount to the monthly payment. Then the payments are higher and people have trouble making them. For those people who do not have their taxes escrowed, we would encourage you to join the Pittsfield Tax Club. READ Tax Club Requirements. If you do not want to join the tax club, have back taxes due, do not have the same amount of money coming in each week, get paid by jobs or some other reason, that is fine. The Town encourages people to just put down \$10, \$25, \$50 or whatever amount you can when you can. This will reduce the amount of taxes that you have left. We have town employees who have payroll deductions of their own request, to pay down on their taxes. It does not have to be the tax club payment. This way, people can work on paying their taxes when they can.

8. Department Head Meeting: Our next meeting is scheduled for Thursday, March 18, 2010 to include the following topics: Safety Grants; Annual BLS required training; Town Employee Safety Fair; Work Zone Traffic and Signage; NIMS training; Surprise Safety Audits; training programs; and other topics of interest.
