PITTSFIELD

Re-use Celebration

BACKYARD COMPOST BIN SALE

The sale is over with, however, people can still order a bin as we were under the maximums required for an order so we have a few more that will be available for each of the Earth Day products.

To celebrate re-use in the community, the Town of Pittsfield is part of a statewide backyard composting bin sale. A home compost bin and how-to-guide with a combined retail value over \$100 can be purchased for only \$45.00 (tax included). The bin is black, has a 10 year warranty, and is made of 100% recycled plastic. It's approximately 35" high and 33" wide, or large enough for a family of five.

The Town will also have the wing digger compost turner for a discounted price of \$17.00 and the Reotemp Backyard Compost Thermometer with a 20" stem for \$18.50.

It is estimated that 25% of the average household's waste consists of kitchen scraps and yard trimmings which can be easily composted. Pittsfield residents can save \$54.12 for every ton of waste they compost rather than placing the material in with their garbage that is shipped out of town for disposal.

Pittsfield's recycling rate for 2011 was 62%. Let's keep working at our recycling rate and boost it even more while helping our gardens grow!
