

## **TOWN MANAGER'S REPORT**

1-I am in the process of contacting the Town's Committees to discuss the changes to the communications policy.

2- I would like to point out that the Town Council did not vote to close the Theatre, they voted to cut the funding that the town makes to support the Theatre. It will not close as long as the Theatre can make up the shortfall, which it is well on it's way to doing with all of the help from the Theatre Committee and all of the special shows that they have been having.
