

### **TOWN MANAGER'S REPORT**

1. The special events at the Pittsfield Community Theatre have brought in approximately \$10,000.00 since the beginning of the year, not counting expenses.
2. The new Communications policy has been rolled out to some of the Town's committees and I will be visiting the rest soon to deliver it to them.
3. The Pittsfield summer programs have been started and we are now receiving the signup sheets.
4. We have Senior Living help advertised on our website on the Citizen's Resources page.
5. We received a lot of bids for the paving program and the lowest, if it is adopted, will leave some money left over from the \$500,000.00 that we are borrowing for the paving, so that is good news.
6. The state has approved the revenue sharing bills and they did not approve the full 5% but they did raise it from 2% to 3%. They also raised the Homestead exemption from \$20,000.00 to \$25,000.00 and hopefully the Governor will sign both bills.
